For students who may not be able to attend their regular class, here are the options available for making up the missed class:

1. **Change to Another Slot:** If you cannot attend your registered timeslot, you have the option to switch to another slot during the same week, subject to availability. Please notify us at least 24 hours in advance so we can check for available slots and make the necessary arrangements.

2. **Recorded Lessons:** If rescheduling is not possible, we will provide a recording of the lesson and the relevant lesson materials. Please inform us in advance if you need this option so we can ensure the recording is sent to you promptly.

Additionally, if you have any questions or need further clarification after watching the recorded lesson, you may schedule a 15-minute consultation (pertaining to the recorded lesson) with the tutor, subject to tutor availability.
